

FIERY OFFICE & LIGHT PRODUCTION SOLUTIONS

Fiery Printing System 11 and 12

for the Kyocera TASKalfa 7550ci, 6550ci, 5550ci, 4550ci, 3550ci, 3050ci

Choose a Versatile Printing System for Your Business Needs

The Fiery® Printing Systems for the Kyocera TASKalfa 7550ci Series and TASKalfa 5550ci Series cater to busy office workgroup and enterprise environments that need an easy-to-use, secure solution with high color quality, outstanding productivity and increased profitability. The scalable system also comes with many options to meet your needs now and in the future.

Do More, Work Faster

Now, you can do more work faster with Fiery Smart RIP technology, productivity tools and logical workflows. The Fiery systems' intelligent processing features dramatically increase the printing speed of Microsoft® Office and Adobe® applications by providing the most efficient path for image and graphic rich files.

Use Powerful Tools for Producing Consistent, Accurate Color

You expect accurate color every time, no matter how difficult the job. Fiery systems help you achieve precise color with integrated tools that can be used by employees at all skill levels.

- Fiery ColorWise® color management technology gives you great color and image quality right out-of-the-box.
- Fiery Spot-On offers a complete and easy-to-use toolset to print the best PANTONE® and custom spot colors.
- Fiery Image Enhance automates color correction of non-professional photographs, without the time or expense of traditional photo manipulation.

Get a User Friendly Office Solution to Create Professional-Looking Materials

Fiery VUE gives you a "visual print application" that allows you to produce professional-looking, finished print materials quickly, easily and cost-effectively in-house. The interactive desktop application comes with a user-friendly 3D interface that visually guides you through the document creation process with intuitive layout and finishing tools.

Since savvy looking documents are critical to office and enterprise environments, Fiery systems provide standard imposition and booklet making features through the driver. For more complex jobs, the optional Fiery SeeQuence Impose offers you full imposition and document preparation capabilities, to ensure accurate, finished documents on time.

Protect your Most Valuable Assets with Comprehensive Security Features

Fiery® Printing Systems give you a wide range of document and device security tools. Administrators can set general authentications, disable network ports and services, set IP filtering and support anti-virus software. The optional Secure Erase feature even enables you to remove electronic data and latent file images stored on the Fiery hard drive.

Kyocera TASKalfa
5550ci, 4550ci, 3550ci, 3050ci

Kyocera TASKalfa 7550ci, 6550ci

FIERY OFFICE & LIGHT PRODUCTION SOLUTIONS

Fiery Printing System 11 and 12

Fiery-Driven® Engines

- Printing System 11: TASKalfa 5550ci, 4550ci, 3550ci, 3050ci
- Printing System 12: TASKalfa 7550ci, 6550ci

Hardware & Platform

- Intel Pentium® Processor E5300
- 2.66 GHz processor
- 1 GB RAM
- 160 GB HDD
- Linux operating system

Fiery Utilities

- Fiery Driver 4.1.
- Fiery Command WorkStation 5.2
- Fiery WebTools™
- Fiery Hot Folders 3.1 (optional)

Fiery Color Technology

- Fiery ColorWise®
- Fiery Calibrator
- Fiery Image Enhance
